

HAWAII AGRICULTURE FOOD & PRODUCTS

Create a web/mobile app where people can search for companies doing business in Hawaii offering Hawaii food & products. Must be 100% grown or value-added products with at least 50% of inputs from Hawaii.

GOAL: Grow Hawaii's agriculture food and products industry by connecting local, national and international buyers to local companies.

FEATURES ENVISIONED

VENDOR

- Ability to enter/update company information
- Ability to enter/update product information being sold (include *HS Code if able to sell internationally)
- Ability to securely access/update only their own information.
- Ability to recover/reset password securely.

BUYERS

- Ability for local, national and international buyers to search database for Hawaii agriculture food & products and contact seller directly.
- Ability to generate email request to search result companies.
- Ability for multiple field searches (i.e. Certified Organic, papaya, sold on Kauai)
- Ability to search by product description or Harmonized System Code (for international buyers).

*** Harmonized System Code (HS Code) – 10 digit code**

- The Harmonized Commodity Description and Coding System, also known as the Harmonized System (HS) of tariff nomenclature is an internationally standardized system of names and numbers to classify traded products.

Project Manager: Sharon Hurd Phone: 973-9465 Email: Sharon.K.Hurd@hawaii.gov

Project Member: Helene Okamura Phone: 973-9490 Email: Helene.M.Okamura@hawaii.gov

WORKFLOW

VENDOR'S WORKFLOW

- Run through a brief online questionnaire to see if they meet qualification (Must be 100% grown or value added products with at least 50% of inputs from Hawaii, have a valid Hawaii Business Registration Number).
 - If vendor meets qualification, then they can proceed to enter company information, setup logon and password, enter product information.
 - Create confirmation page for vendor to attest all information entered is "True"
 - Entry submitted to HDOA.MD@hawaii.gov for verification. When approved, record uploaded to website.
-
- Sample screen layout

Company Information

| | |
|--------------------------------------|---|
| Company Name* | Company Name |

Search Reset

- Search results can be displayed and downloaded in pdf format (with email and web links)
- Additional search screen or field to search by HS Code for international buyers.
- Easy way for buyer to generate email request to vendor generated from search results (should identify buyer's name and/or company, product, destination, etc.)

DATA AVAILABILITY

Data from the previous Hawaii Agriculture Food and Products database available at ETS hub in .csv format or you can create your own data if existing data does not match your design.
